About This Game

Wartime Prologue is a fast-paced space shooter game that requires strategy and skill!

You are a core member of the invasion fleet, where your task is to clear and secure the way to the planet for the approaching mother ship. The defender army is preparing a counter-attack, you need to fight back and destroy the enemies and asteroids with your upgraded weapons and space ship. During the fight, you have to collect ores and credits to be able to upgrade and research as each stage is awaiting you with different phases and tasks.

As the difficulty is increasing with every stage, you have to prove to be worthy, become the best of them all, the fleet is counting on you!

Other features:

- VR and non-VR mode. It means everybody can play with this game!
- The non-VR mode control is keyboard and mouse or joystick/joypad
